# KITCHEN DRAWING, EQUIPMENT & AMC

A great kitchen isn't just about what equipment you buy it's about how it's planned, sourced, and maintained. Our end-to-end kitchen design and equipment support services help restaurants build efficient, compliant, and high-performing kitchens from the ground up. Whether you're opening a new venue, revamping an existing kitchen, or scaling up a franchise, we provide expert design, vendor coordination, and after-sales care through our AMC (Annual Maintenance Contracts).

## KITCHEN LAYOUT & TECHNICAL DRAWINGS

We design functional and efficient kitchen layouts supported by precise technical drawings. Every detail—from workflow planning to utility points—is carefully mapped to ensure seamless operations and compliance with safety standards.

## COMMERCIAL EQUIPMENT SOURCING

Our team helps you select and procure the right commercial kitchen equipment tailored to your cuisine, concept, and budget. We work with trusted suppliers to guarantee quality, durability, and cost-effectiveness.

## INSTALLATION & COMMISSIONING

We oversee complete installation and commissioning of all equipment, ensuring proper setup, calibration, and testing. This guarantees that your kitchen is fully operational, safe, and ready to perform from day one.

## AMC – ANNUAL MAINTENANCE CONTRACT SUPPORT

Our AMC services provide regular maintenance, timely repairs, and technical support for your kitchen equipment. With preventive care, we minimize downtime, extend equipment life, and keep your operations running smoothly.
